كيف تجيب على سؤال المحادثة

سؤال المحادثة (السؤال الثانى فى ورقة الامتحان)  
يعتمد على فكرة تكوين السؤال والإجابة عليه  
و هناك نوعان من الأسئلة :-

① سؤال يبدأ بأداة إستفهام وهنا الإجابة تكون على أداة الاستفهام ويكون كالآتى:

فعل أساسى + فاعل + فعل مساعد + أداة استفهام

أدوات الاستفهام مثل:

- Where ➔ للسؤال عن المكان
- When ➔ للسؤال عن الوقت والزمان
- How long ➔ للسؤال عن المدة الزمنية
- How often ➔ للسؤال عن عدد المرات
- Why ➔ للسؤال عن السبب
- How much ➔ للسؤال عن السعر والكمية
- How many ➔ للسؤال عن العدد
- What / Which ➔ ما - ماذا رأى

والأفعال المساعدة تنقسم إلى :-

- ① Verb to (be) ➔ am/is/are/was/were
- ② Verb to (do) ➔ do/does/did
- ③ Verb to (have) ➔ have/has/had

④ Modal verbs  
➔ (can/could/will/should/must)

والفاعل من الممكن أن يكون اسم أو ضمير فاعل  
و ضمائر الفاعل هي :-

I - we - you - they - he - she - it

والفعل الأساسى من الممكن أن يكون مصدر أو

تصريف ثالث أو V + ing حسب الفعل المساعد.

- ① Where **do** you **live**? ➔ I **live** in Cairo.
- ② How long **will** you **stay** here?
- ➔ I **will** stay for 3 weeks.
- ③ When **did** they **arrive**?
- ➔ They **arrived** at 3 o'clock.

④ What are you doing? ➔ I am reading.

② السؤال الذى يبدأ بفعل مساعد وتكون الإجابة عليه بـ Yes or No

➔ Have you visited Aswan? - Yes, I have.

➔ Did you watch TV? - No, I didn't.

③ يوجد سؤال يُسمى سؤال التخيير ويبدأ بفعل مساعد وبه كلمة (or) ولكن لا تكون الإجابة عليه بـ (yes, / No,) ولكن نختار كالآتى :-

④ Do you like football or tennis?

➔ I like football.

④ Clerk: Do you want it single or return?

Ali: single, please.

ملاحظات هامة:

1- إذا لم نجد فعل مساعد بالجملة نتبع الآتى :

إذا كان فعل الجملة مضارع وبه (s) نستخدم does ونعيد الفعل للمصدر.

④ He plays football ➔ What does he play?

إذا كان فعل الجملة مضارع بدون (s) نستخدم do

④ I go to school by bus

➔ How do you go to school ?

إذا كان فعل الجملة ماضى نستخدم did ونعيد الفعل للمصدر.

④ They watched the film yesterday.

➔ When did they watch the film?

④ He went to the zoo ➔ Where did he go?

إذا كانت الإجابة بـ no وكانت الجملة مثبتة نسأل عن شئ آخر غير الموجود بالجملة:

④ No, it is my first visit to Egypt.

➔ Is it your second visit to Egypt?

بعض الأسئلة يمكن أن نجيب عنها بمعلومة و ليس بـ Yes أو No فقط :

④ Can I help you?

➔ Yes, I want ..... ➔ I would like .....

➔ Can I have.....? ➔ May I have...?

السؤال المذيل (أليس كذلك) يعتمد على فهم الجملة:

④ You know him, don't you?

هناك أسئلة مختصرة فى المحادثة تشذ عن القاعدة العامة لتكوين السؤال:

And you?	Where to?	Where from?
What else?	What about you?	Why not?

It has a glass floor, so you can see the river under your feet! The best time to cross the bridge is at sunset, for a beautiful view of the city.

### The Grand Egyptian Museum المتحف المصرى الكبير

The oldest museum in Cairo opened in 1835. There were more than 160,000 of Egypt's most valuable treasures on display. However, the museum did not have space for 100,000 other objects. In 2002, there was a competition to design a bigger and more modern museum. The competition had 1,557 designs from more than 80 different countries. The Grand Egyptian Museum (GEM) welcomed its first visitors in 2019. It is further from the city centre than the old museum, but only two kilometres from the pyramids at Giza. It has more space for valuable objects.

### The British Museum المتحف البريطانى

The British Museum in London is the oldest public museum in the world. It opened in 1759 and now has more than 13 million objects. About six million visitors go there every year. The museum has the biggest collection of Egyptian objects outside Egypt. One of its most important objects

is the Rosetta Stone. This arrived at the museum in 1802. The writing on the stone is in three different languages. In my opinion, the most beautiful part of the museum is the Great Court. It opened in 2000, so it is also the most modern part of the museum.

### A holiday in Egypt أجارة فى مصر

We had a wonderful holiday in Egypt. These are my opinions about three of the most interesting places. The Valley of the Kings in Luxor is one of the most popular places for tourists to visit. We went early because that is the quietest time. My brother said, "This is fantastic!" I am sure it gets busier later on during the day. The biggest place we went to was Karnak Temple. My favourite part was the Hypostyle Hall, a 5,000-square-metre room with 134 stone columns. I think it was more crowded than the Valley of the Kings.

### Al Azhar Park حديقة الأزهر

Al Azhar Park is the largest and the most beautiful park in Cairo. It is much larger than the small park near my house. That park has a few trees and plants and I enjoy going there after school. You can spend an hour or two in that park, but you can spend a lot of time at Al Azhar Park. The trees there are tall and it has more plants. It also has fountains, a lake and cafes, too. I like going there at the weekends! My sister always says, "I love it here".

### A trip to the desert رحلة إلى الصحراء

Last weekend, we went on a trip to the desert. I woke up early and made myself breakfast. Then I got dressed. I put on my clothes and looked at myself in the mirror, I put on a hat and sunglasses to protect myself from the sun. At the desert, we met our guide? and we rode with him on our camels. My sister took this photo of herself with her camel. That night, we cooked ourselves dinner on a fire. After dinner, when it got cold, we sat by the fire to keep ourselves warm.

### A TV programme you watched: Robinson

Crusoe برنامج تليفزيونى شاهدته: روبنسون كروسو

Last weekend, I watched a TV programme about Robinson Crusoe Island. The author of Robinson Crusoe, Daniel Defoe, wrote about this island because a real sailor called Alexander Selkirk spent four years alone here. Defoe wrote Robinson Crusoe after hearing about this man. Crusoe spent 28 years on the island and the weather was hot. Today, about 800 people live on Robinson Crusoe Island. Life is easier now, although people still have to look after themselves. The nearest land, Chile, is 24 hours away by boat. Soon they are going to build a new school and hospital on the island.

**A village in ancient Egypt: Deir el-Medina**

قرية فى مصر القديمة: دير المدينة

In ancient Egypt, there was a village called Deir el-Medina. The people from the village worked in the Valley of the Kings. There were 68 houses. The walls of the houses were made of bricks and the doors were made of wood. The people painted their houses white, with red doors. The houses had a kitchen and a living room. People usually slept on the roof because it was very hot at night. There was usually an oven for bread in the kitchen, but there were not any taps. People got their water from the Nile Valley, about two kilometres away.

**Round houses around the world**

منازل مستديرة حول العالم

Many traditional houses in the past were round. Today, many modern houses are also round. Why is this? There are lots of reasons! A round shape means the building is very strong. This is important when there is an earthquake or in strong winds. Also, heavy snow or rain will fall from the roof. A round house is also easier to keep warm or cool. It is also quieter inside a round building than a building that is a rectangle or square! Finally, a round building uses fewer materials so it is cheaper to make.

**Dangers of the sea**

مخاطر البحر

The shark is one of the most dangerous sea animals in the ocean. If it loses a tooth, a new one grows. A shark uses more than 20,000 teeth in its life! So how do fish and sea animals protect themselves from danger. A stingray is a big, flat fish and it lives in the coral reef. A sea turtle has a hard shell to protect it. Other animals can swim very fast - the octopus has got eight legs to help it! Some sea life, like the jellyfish is poisonous. It stings you when you touch it. Whales can hit with their tails.

**We must save our planet**

يجب علينا إنقاذ كوكبنا

Plastic is everywhere! We use it for many different things. The problem is, plastic stays in the environment for a very long time. We can recycle some plastic, but most of it goes into the ocean. Plastic is poisonous when animals eat it. Every year, more than 100,000 sea animals and birds die from plastic. We must try to use other materials such as paper and glass because these are easier to recycle. We mustn't throw away plastic shopping bags in rivers. We mustn't stop trying to help our planet!

**A visit to a nature reserve**

زيارة لمحمية طبيعية

We're going to visit a nature reserve today. We have nature reserves to help our birds, plants and animals. Many important birds, animals and

plants live here, so we must be careful what we do. First, we mustn't make a lot of noise! We'll frighten the animals and birds. Secondly, we must not leave the road through the reserve because the animals and birds live in the plants next to the road. We mustn't give any food to the animals or birds. They must find their own food. We must take all your rubbish with us when you leave.

**My favourite story: The Old Man**

قصتي المفضلة: العجوز والبحر

Santiago was an old fisherman. He felt worried because the last time he caught a fish was 84 days ago. On the 85th day, he caught a very big fish. Then the sharks came. When Santiago returned to his home on the beach, he had no fish, only a skeleton. He felt weak and slept for a long time. But the other fishermen saw how big the fish was and knew that he was brave to catch it. Santiago lost the fish, but the other fishermen now respected him more than ever.

**My plans for the future**

خطاتي للمستقبل

I don't know which job I want to do when I'm older, but I think that education is very important. I hope that I pass my exams so that I can go to the university. I'm going to work hard. If I go to the university, I'll study maths. It's my best subject. I don't like flying, so I don't want to travel around the world. I want to get a good job in Egypt. I want to teach maths. If I have enough money, I'll buy an apartment near the Red Sea and get married.

**My dream job**

وظيفتي التي أحلم بها

I want to be a doctor, but I need a lot of skills to do that. Tomorrow, I'm going to visit my uncle. He's a doctor, so he can give me some advice. Next summer, I'm going to study English in England. You need to speak good English to be a doctor. Before I leave school, I'm going to do voluntary work at a children's hospital. In a few years' time, I want to go to a good university. Then, in about ten years' time, I think I'll be a doctor in a good hospital!

**My predictions for the future**

تنبؤاتي للمستقبل

In the next 30 years, there will be a lot of changes in our lives. Technology will make our lives easier and more interesting. Our phones will be even more important and we will have apps for everything. Scientists will find new cures for illnesses. Some illnesses will disappear completely. All our cars will be electric. There will be a lot of interesting new jobs for people. Robots will do some of the jobs that people do today. I think there will be a lot of exciting changes in the future, but some things will stay the same.
